

Franklin Foods is on a mission to Re-Invent Cream Cheese®! These are exciting times at Franklin Foods. Our award-winning Cream Cheese sales are rocketing skyward, new customers are coming on board and we are adding new equipment and technology that will accelerate our growth even more in the future. To help support this growth and assure that we meet our customer's expectations we are looking to fill the following position:

### **Night Shift Manager**

This position will be responsible for the oversight of the Plant operation during nighttime hours. Duties include supervision of employees, understanding and working knowledge of the entire production process, ability to trouble shoot problems after an initial training period. Understand that product quality and correct product yield are very important. The successful candidate will be hard working, hands on, possess good people and leadership skills, be able to multi-task, work in fast paced and changing environment, have good time management skills and like a challenge. Experience working in a dairy plant and with dairy equipment would be a plus.

Franklin Foods offers an outstanding compensation and benefit package as well as a friendly, enjoyable work atmosphere. Our Activities Committee organizes employee functions including, monthly meals, Holiday Parties, Summer Picnic and many other fun activities. This is an excellent opportunity for someone who wants to grow in a fast paced, innovative Company. If you are interested in joining our team please fill out an application at the Plant (located 68 East Street, Enosburg Falls, Vt.) or mail a resume to the address below.
